

STATEMENT OF PAT SCANGA

I am a Licensed Professional Engineer with over 24 years of experience in various aspects of Civil and Municipal Engineering in both the private and public sector.

I strongly feel that it's important to give back wherever and whenever you can and in whatever capacity you can.

Due to this belief, throughout my academic and my Professional career, I've always been actively involved in various volunteer service activities.

Since 1991, I've been a committed volunteer with the PEO's chapter system and in the promotion of the Engineering Profession through the Engineering Innovations Forum and National Engineering Month.

I have been the Treasurer of the former Toronto Dufferin Chapter & am currently the Treasurer of the West Toronto Chapter. I'm also the Treasurer of the Engineering Innovations Forum. (This year's forum is entitled Engineering the Pan Am Games, will be held on March 26, register for free at eiforum.ca) I've held both of these positions for the past 22 years. I plan on continuing my volunteer efforts for many more years and hope that I can count on your vote.
