

Exciting Times in the World of Engineering

Sign up for free: [Exciting Times in the World of Engineering Tickets](#)

Pandemics, the rise of artificial intelligence, new technologies, the internet of things.....where is it all headed? What is the future looking like for Engineers? The answer is..... very promising!!!

We will discuss topics such as embracing the end of fossil fuels, the emergence of clean energy, newly created industries, a look into the job market, and concluding with a local case study.

Join us for this highly interactive presentation where we will delve into such matters and more!!

Date: 2/16/2022

Time: 19:00-20:30

Via Zoom
